PUBLIC NOTICE
WATERSHED PROTECTION BRANCH

April 10, 2019
Notice Issue Date

Ringgold / Catoosa County
City / County

May 10, 2019
Notice Close Date

BV-023-19-01
Control Number

South Chickamauga Creek – Streambank Stabilization
(Emberson Drive / Lafayette Street, Ringgold, GA 30736)

Activity

This notice is issued to inform the public of a receipt of an application for a variance submitted pursuant to a state environmental law. The public is invited to comment during the 30-day period on the proposed activity. Site plans are available for review and are located in the following EPD office: Watershed Protection Branch, 200 Piedmont Avenue SW, Suite 418 West, Atlanta, GA 30334. Please contact Ms. Clara Davis at (404) 463-2382 or email clara.davis@dnr.ga.gov to schedule an appointment to review the plans. Since the EPD has no authority to zone property or determine land use, only those comments addressing environmental issues related to air, water, and land protection will be considered in the application review process. Written comments should be submitted to: Program Manager, NonPoint Source Program, Erosion and Sedimentation Control, 2 Martin Luther King Jr. Drive SW, Suite 1462 East, Atlanta, GA 30334.

Type of Permit Application: Variance to encroach within the 25-foot State waters buffer.

Applicable Law: Georgia Erosion and Sedimentation Act O.C.G.A. 12-7-1 et seq.

Applicable Rules: Erosion and Sedimentation Control Chapter 391-3-7

Basis under which variance shall be considered {391-3-7-.05 (2)(a-k)}: (a)

Description and Location of Proposed Activity:

Intense rainfall events have caused severe streambank erosion and undermined the existing walkway along South Chickamauga Creek near the intersection of Emberson Drive and Lafayette Street in Ringgold. The proposed project will consist of grading the streambank to a more stable slope and integrated bio-engineering practices (including joint planting (vegetated riprap) with *Silky Dogwood*, *Black Willow*, *Arrowwood* and *Nannyberry* live stakes). The proposed streambank stabilization project will result in approximately 190 linear feet (4,750 square feet) of buffer impacts along South Chickamauga Creek in the *Middle Tennessee - Chickmauga Watershed*.

Name and Address of Permit Applicant: Dan Wright, City Manager
City of Ringgold
150 Tennessee Street
Ringgold, GA 30736

Summary of Rules Requirements for Variance Application:

The application for a variance must include an approved Erosion and Sediment Control Plan with control measures based on sound conservation and engineering practices which meet or exceed the standards in the "Manual for Erosion and Sediment Control in Georgia" and which will minimize erosion and deposition of sediments on adjacent lands or into State waters.
