## INDEPENDENT AUDITOR'S REPORT

Mayor and Council Members  
City of Ringgold, Georgia

### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the City of Ringgold, Georgia, as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the Table of Contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Ringgold, Georgia, as of December 31, 2016, and, the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the General Fund and Capital Projects Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis listed in the Table of Contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Ringgold, Georgia's basic financial statements. The Introductory Section, non-major governmental fund financial statements, and financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The non-major governmental fund financial statements and financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the non-major governmental fund financial statements and financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Introductory Section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

**Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 5, 2017, on our consideration of the City of Ringgold, Georgia's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Ringgold, Georgia's internal control over financial reporting and compliance.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the City of Ringgold, Georgia, we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City of Ringgold, Georgia for the fiscal year ended December 31, 2016. We encourage readers to consider the information presented here in conjunction with the City's financial statements.

### FINANCIAL HIGHLIGHTS

The assets of the City of Ringgold, Georgia exceeded its liabilities at December 31, 2016, by \$28,629,704 (net position). Of this amount, \$7,695,481 (unrestricted net position) may be used to meet the City's ongoing obligations to citizens and creditors.

The City's governmental activities operated at a surplus of \$10,142. The City's business-type activities operated at a surplus of \$752,348.

As of the close of the current fiscal year, the City of Ringgold, Georgia's governmental funds reported combined ending fund balances of \$4,248,606.

At the end of the current fiscal year, unassigned fund balance for the General Fund was \$3,874,687, or 126.18%, of total General Fund expenditures. Expenditures do not include transfers to and from other funds, loss on investments or proceeds from debt, which netted to \$104,628 in the City's General Fund.

As of the close of the current fiscal year, the City of Ringgold, Georgia's enterprise funds reported combined ending net position of \$19,163,457. Of that balance, \$5,605,462 is unrestricted and the remaining \$13,557,995 of net position is net investment in capital assets.

### OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction of the City of Ringgold, Georgia's basic financial statements. The City of Ringgold, Georgia's basic financial statements comprise three components: (1) government-wide financial statements; (2) fund financial statements, and (3) Notes to the Financial Statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Ringgold, Georgia's finances, in a manner similar to a private-sector business.

The government-wide financial statements are:

The *Statement of Net Position* presents information on all of the City of Ringgold, Georgia's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Ringgold, Georgia is improving or deteriorating.

The *Statement of Activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City of Ringgold, Georgia that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of the City of Ringgold, Georgia include general government, public safety, public works, and public welfare and recreation. The business-type activities of the City of Ringgold, Georgia include the Sewer Fund and the Water Fund.

The government-wide financial statements can be found on pages 14 and 15 of this report.

### **Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Ringgold, Georgia, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Ringgold, Georgia can be divided into two categories: governmental funds and proprietary funds.

### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand that long-term impact of the government's near-term financing decisions. Both the governmental fund Balance Sheet and governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances provide a reconciliation to facilitate this comparison between the governmental funds and governmental activities.

The City of Ringgold, Georgia maintains ten individual governmental funds. Information is presented separately in the governmental fund Balance Sheet and in the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balances for the General Fund, the Downtown Development Fund and the Capital Projects Fund, which are considered to be major funds. Individual fund data for the Hotel/Motel Tax, Haunted Depot, Confiscated Assets, Ringgold Depot, Visitor Center, Capital Projects Grant and Technology Fee funds are provided later in this report beginning on page 55.

The City of Ringgold, Georgia adopts an annual appropriated budget for its governmental funds. A budgetary comparison statement has been provided for all governmental funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 16 and 18 of this report.

### **Proprietary Funds**

The City of Ringgold, Georgia maintains one type of proprietary fund: enterprise fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City of Ringgold, Georgia uses enterprise funds to account for its water and sewer operations.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Sewer Fund and Water Fund, which are considered to be major funds of the City of Ringgold, Georgia.

The basic proprietary fund financial statements can be found on pages 29 through 31 of this report.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The Notes to the Financial Statements can be found on pages 33 through 54 of this report.

**Other Information**

Non-major fund statements and schedules can be found on pages 55 through 64 of this report.

**FINANCIAL ANALYSIS OF THE CITY AS A WHOLE**

**Net Position**

As noted earlier, net position may serve over time as a useful indicator of a government’s financial position. In the case of the City of Ringgold, Georgia, assets exceeded liabilities by \$28,629,704 at the close of this fiscal year.

The largest portion of the City of Ringgold, Georgia’s net position (72.15%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure, etc.); less any related debt used to acquire those assets that are still outstanding. The City of Ringgold, Georgia uses these capital assets to provide services to its citizens; consequently, these assets are not available for future spending. Although the City of Ringgold, Georgia’s investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City’s net position, 0.97%, or \$276,569, represents resources that are subject to external restrictions on how they may be used. The remaining 26.88% of unrestricted net position may be used to meet the government’s ongoing obligations to its citizens and creditors.

At December 31, 2016, the City of Ringgold, Georgia is able to report positive balances in all categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

The table below provides a summary of the City’s net position broken down by governmental and business type activities.

### Changes in Net Position

Governmental activities increased the City's net position by \$10,142, and business-type activities increased the City's net position by \$752,348. However, the City can only use the net position obtained through business-type activities to finance the continuing operations of the sewer and water systems.

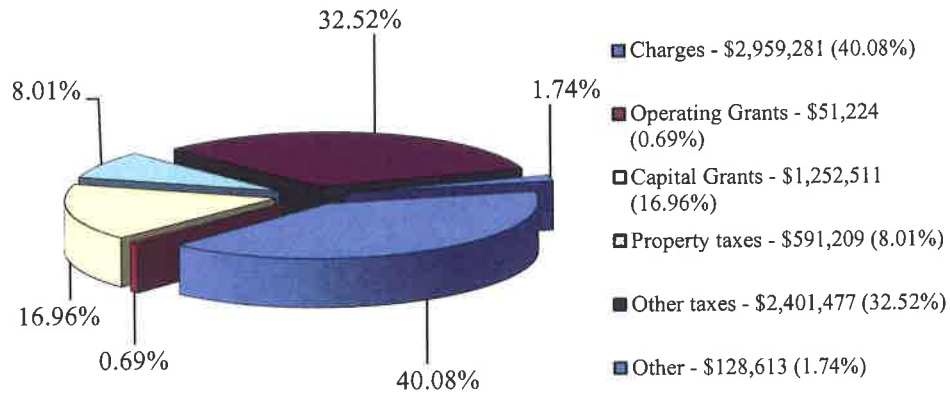

The table below provides a summary of the City's net position broken down by governmental and business-type activities.

## FINANCIAL ANALYSIS OF THE CITY'S FUNDS

As noted earlier, the City of Ringgold, Georgia uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

### Governmental Funds

The focus of the City of Ringgold, Georgia's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City of Ringgold, Georgia's financing requirements. The unassigned fund balance may serve as a useful measure of a government's net resources available at the end of the fiscal year for future unforeseen emergencies.

As of the end of the current fiscal year, the City of Ringgold, Georgia's governmental funds reported combined ending fund balances of \$4,248,606.

The General Fund is the chief operating fund of the City of Ringgold, Georgia. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$3,874,687. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total General Fund expenditures. Unassigned fund balance represents 126.18% of total General Fund expenditures, excluding transfers, proceeds from debt and loss on investments.

### Proprietary Funds

The City of Ringgold, Georgia's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position at the end of the year amounted to \$5,351,882 for the Sewer Fund and \$253,580 for the Water Fund.

### General Fund Budgetary Highlights

**Long-Term Debt By Activity**

Additional information on outstanding debt can be found in Note 10 on pages 45 through 47 of this report.

**Currently Known Conditions Affecting Future Years**

During 2016 many projects came to fruition.

The City was awarded a streetscaping project in 2014 and is adding a downtown pedestrian safety enhancement project estimated to cost \$1,000,000. The State has awarded \$250,000 in the form of a TE Grant. The remaining \$750,000 will be funded from the 2009 and 2014 SPLOST, and the General Fund balance. Several unexpected issues came up during the construction project and the DOT contributed an additional amount of \$55,607 to offset improvements needed for unknown storm water conditions. At the end of 2015 a final walk through was conducted and a final punch list was given to the contractor. The contractor had the subcontractors redo several of the items and they should be completed in early 2017.

The City applied for Phase II of the Trail of Tears Grant. The City was awarded another \$100,000 DNR State Grant and a \$25,000 Lyndhurst Matching Grant and a \$5,000 in-kind match. The project is expected to cost \$144,200.

A master plan for the Ringgold Recreational Complex was conducted by an engineering firm and the bid for Phase I was estimated to cost of \$500,000. The bid opening was held in 2016 and the low bid was over \$1,100,000. The project is on hold until funding is available.

Georgia Northwestern College has built a satellite campus in the City of Ringgold on a 38-acre tract. The College opened in August of 2016. The City installed the water and sewer to the development. In addition to the 38-acre college, there is a 12-acre commercial development. The cost of water and sewer was funded through SPLOST at over \$400,000.

Patriot Hall reconstruction was completed and it is being rented out as a convention center.

Water plant improvements to allow the plant to use liquid chemicals instead of dry chemicals are in the process of design and permitting. A GEFA Grant and low interest loan have been awarded to assist with the \$200,000 project. GEFA has agreed to an \$86,000 forgiveness toward the project. The project was rebid twice after the initial bids came in high. The project was split up into three contracts to allow local small firms to participate and the project has been awarded and is moving forward in 2017.

The City was successful in completing permitting for a withdrawal permit for 1,444,000 gallons per day on a new well on Poplar Springs Road. The City is now considering alternatives to connect the well to the City water system and construction of the pump house.

The industrial park area is in need for additional water storage due to fire protection needs. The City sought a grant to assist and was preliminarily awarded a \$600,000 ARC Grant. This planned tank will be located on Taylors Ridge and will have a 500,000-gallon capacity.

The Downtown Development Authority has conveyed approximately 6,800 sq. ft. of the Tennessee Street and Mountain Street property to Evitt Land Management Company to build a commercial two story building. The lot was purchased for \$100,000. The 22-space parking lot will remain owned by the DDA.

#### Sewer Projects:

Phase II of Exit 345 Sewer was completed and paid by the County SPLOST and will increase the City's customers by over 100 homes and 5 commercial properties.

The Three Notch Area includes the following: Foster Hill SD Sewer completed, Three Notch Road Estates completed, Lehon Estates and Melody Estates completed and will be making sewer available to approximately 900 homes. Final cleanup is to be completed by early 2017.

The Police Department received a grant and low interest loan for three vehicles and received the funding in the fall of 2016. The total cost of the vehicles was \$80,000.

Martha Denton Pool purchased pole LED lights in 2016. The lights were installed in early 2017.

Hwy. 41 and Chapman Road Improvements were awarded in late 2016 for \$920,919. The City received an LMIG Grant for \$350,000 from the GDOT in March 2017. Catoosa County has agreed to increase the City's SPLOST in the 2019 round by \$140,830.

The City has decided to add two positions for 2017. One is a full-time building maintenance position and the second is a full-time police and court services administrative position.

Security of facilities are a major priority to the City. Investments have been made and will continue to be made at Ringgold City Hall. Additional surveillance cameras have been installed, key fob doors and bullet proof glass at the front counter are under consideration.

|   |                     |
|---|---------------------|
| Total fund balances per governmental funds balance sheet  | \$ 4,248,606        |
| Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.   | 7,154,659           |
| Long-term liabilities, including notes payable and compensated absences are not due and payable in the current period and, therefore, are not reported in the funds.  | ( 146,474)          |
| The other post-employment benefit plan has not been funded to meet annual requirement contributions, creating an accrued post-employment benefit liability. This liability is not due and payable in the current period and, therefore, is not reported in the funds. | ( 1,810,621)        |
| Some of the City's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and, therefore, are deferred in the funds.  | <u>20,077</u>       |

|  |                  |
|--|------------------|
| Net change in fund balances for total governmental funds   | \$ 218,369       |
| <p>Governmental funds report capital outlay as expenditures, however, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlay exceeds depreciation and loss on disposal in the current period.</p> |                  |
|  | 43,655           |
| <p>Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds.</p>  |                  |
|  | 9,020            |
| <p>Notes issued are reported as a financial resource in the governmental funds. However, this is reported as an increase in long-term liabilities in the Statement of Net Position. During the current year, additional loan proceeds were drawn on notes payable.</p>   |                  |
|  | ( 55,000)        |
| <p>Some items reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. These activities consist of:</p>   |                  |
| Post-employment benefits   | ( 215,846)       |
| Compensated absences   | <u>9,944</u>     |

**CITY OF RINGGOLD, GEORGIA**  
**Notes to Financial Statements**  
**December 31, 2016**

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The City of Ringgold, Georgia operates under the City Manager - Council form of government within the following departments: general government, public safety, public works and public welfare and recreation.

The financial statements of the City of Ringgold, Georgia have been prepared in conformity with Generally Accepted Accounting Principles (GAAP) as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The following is a summary of the more significant accounting policies:

**A. Reporting Entity**

In evaluating how to define the reporting entity, for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in GAAP and GASB issued Statement No. 14, *The Financial Reporting Entity*. This statement requires that the financial statements present the City of Ringgold, Georgia (the primary government) and any component units. Component units generally are legally separate entities for which a primary government is financially accountable. Financial accountability ordinarily involves meeting one of the following criteria; the primary government is accountable for the potential component unit (i.e., the primary government appoints the voting majority of its board and the primary government is able to impose its will upon the potential component unit); or there is a possibility that the potential component unit may provide specific financial benefits or impose specific financial burdens on the primary government.

Based on the foregoing criteria, there is one entity, which meets the above criteria for inclusion in the City of Ringgold, Georgia's financial statements:

The Downtown Development Authority

The Downtown Development Authority (DDA) is considered to be a blended component unit according to GASB Statement No. 14. The DDA is a legally separate entity having a board composed of members appointed by the City of Ringgold, Georgia. There is a financial benefit/burden relationship and the DDA provides services directly to the City of Ringgold, Georgia. There are no separate financial statements available.

Related Organizations

The Housing Authority of the City of Ringgold, Georgia is considered a related organization based upon the criteria in GASB Statement No. 14. The Housing Authority is a legally separate entity having a board composed of members appointed by the City of Ringgold, Georgia. The City of Ringgold, Georgia is not able to impose its will upon the Housing Authority and a financial benefit/burden relationship does not exist between them. Therefore, based upon the criteria above, the Housing Authority of the City of Ringgold, Georgia is a related organization.

**B. Basic Financial Statements**

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements. Both the government-wide and fund financial statements categorize activities as either governmental activities or business-type activities.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### B. Basic Financial Statements (Continued)

**Government-wide Statements** - The Statement of Net Position and the Statement of Activities display information about the primary government. These statements include the financial activities of the overall government. Neither fiduciary nor component units that are fiduciary in nature are included. Eliminations have been made to minimize the double-counting of internal activities. These statements distinguish between the governmental and business-type activities of the City. In the government-wide Statement of Net Position, both the governmental and business-type activities columns (a) are presented on a consolidated basis for column, and (b) are reflected, on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The Statement of Activities presents both a gross and net cost comparison between direct expenses and program revenues for the different business-type activities of the City and for each function of the City's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include (a) fees, fines, and charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. The net cost (by function or business-type activity) is normally covered by general revenue (property or sales taxes, intergovernmental revenues, interest income, etc.).

This government-wide focus is designed to view the City as a complete entity and the change in aggregate financial position resulting from the activities of the fiscal period.

**Fund Financial Statements** - The fund financial statements provide information about the City's funds, including its governmental funds and enterprise funds. Separate statements for each fund category are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental and enterprise funds are aggregated and reported as non-major funds.

Enterprise fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from non-exchange transactions or ancillary activities.

The City reports the following major governmental funds:

**General Fund** - This is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

**Downtown Development Authority Fund** - This fund is used to account for the receipt and use of funds for the Downtown Development Authority.

**Capital Projects Fund** - This fund is used to account for the Special Local Option Sales Tax (SPLOST) receipts of the City.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### B. Basic Financial Statements (Continued)

The City reports the following major enterprise funds:

**Water Fund** - This fund is used to account for the provision of water services to the City.

**Sewer Fund** - This fund is used to account for the provision of sewer services to the City.

### C. Measurement Focus - Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the enterprise fund financial statements. Revenues are recorded when earned and expenses are recorded when incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Government fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The City considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. Property taxes, sales taxes, franchise taxes, gasoline taxes, wholesale beer taxes, income taxes, mixed drink taxes, and in-lieu of taxes are susceptible to accrual. Licenses and permits, fines and forfeitures, gross receipts taxes and excise taxes are recorded as revenue when received in cash because they are generally not measurable until actually received. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences, which are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the governmental activities column in the government-wide financial statements, a reconciliation is presented on the page following each statement which briefly explains the adjustments necessary to transform the fund-based financial statements into the governmental activities column of the government-wide presentation.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the enterprise fund's principal ongoing operation. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The agency funds have no measurement focus, but utilize the accrual basis of accounting for reporting their assets and liabilities.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as needed.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### D. Budgetary Data

The City follows these procedures in establishing the budgetary data reflected in the financial statements.

In accordance with OCGA 36-81-3, budgets are legally adopted for the general, special revenue and capital projects funds.

During the last weeks of the year, budget requests are prepared for each department based on the activities of the current year with anticipated changes for the next year including needed capital expenditures. The budget requests are submitted to the Council at a scheduled meeting. The Council formally adopts an annual appropriated budget for the General and special revenue funds. These budgets are adopted on a departmental basis. The City Manager is authorized to transfer budgeted amounts within departments. The Council adopts a flexible budget for the Water and Sewer Funds. The expense estimates of the flexible budget are not appropriations but approved plans.

Budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America (GAAP). Therefore, no adjustments are necessary to convert to the actual GAAP data from the budgetary basis. Budgeted amounts reflected in the accompanying budget and actual comparison are as originally adopted or as amended by the Council. Individual amendments are not material in relation to the original appropriations. All annual appropriations, which are not expended, lapse at year-end.

### E. Cash and Cash Equivalents

For purposes of reporting cash on the Statement of Net Position, the City considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. Cash consists of cash-on-hand and on deposit with financial institutions. These are classified on the Statement of Cash Flows as "Cash".

### F. Investments

Investments are reported at fair value, which is based on quoted market price. The City is authorized by Georgia statutes to invest in the following:

1. Deposit accounts with eligible depository institutions.
2. Obligations of the State of Georgia or of other states.
3. Obligations issued by the United States government.
4. Obligations fully insured or guaranteed by the United States government or a United States government agency.
5. Obligations of any corporation of the United States government.
6. Prime bankers' acceptance.
7. The local government investment pool established by Georgia Code Section 36-83-8.
8. Repurchase agreements.
9. Obligations of other political subdivisions of the State of Georgia.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**G. Property Taxes**

Property taxes levied by the City are assessed by the Assessor of Property in Catoosa County and collected by the City. Property tax revenues are recognized on the modified accrual basis on the governmental fund financial statements.

The property tax calendar applicable to the current fiscal year is as follows:

|                  |   |
|------------------|---|

**H. Interfund Transactions**

**Interfund Receivables and Payables**

Short-term advances between funds are not eliminated but accounted for in the appropriate interfund receivable and payable accounts classified as due to other funds and due from other funds in the fund financial statements, and are subject to elimination upon consolidation. Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as “internal balances”.

**Transactions between Funds**

Transactions between funds that would be treated as revenues, expenditures, or expenses if they involved organizations external to the governmental unit are accounted for as revenues, expenditures, or expenses in the funds involved. Transactions which constitute reimbursements of a fund for expenditures or expenses initially made from that fund which are properly applicable to another fund are recorded as expenditures or expenses in the reimbursing fund and as reductions of the expenditures or expense in the fund that is reimbursed. All other legally authorized transfers are not eliminated but treated as operating transfers and are included as other financing sources or uses in the governmental funds and reported after non-operating revenues or expenses in the enterprise funds.

**I. Prepayment of Expenditures**

Government fund expenditures for insurance and similar services extending over more than one accounting period are allocated between accounting periods.

**J. Inventories**

Supplies and materials are recorded as expenditures/expenses at the time items are purchased and are not inventoried at year-end due to lack of materiality.

**K. Restricted Assets**

Certain resources can be classified as restricted assets on the Statement of Net Position because their use is limited. At year-end, there were no restricted assets to be reported.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**L. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., primary roads, secondary roads, drainage), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The cost of normal maintenance and repairs that do not add to the value of the asset or materially extended assets' lives are not capitalized. Capital assets are depreciated using the straight-line method over the following estimated useful lives:

| <u>Asset Class</u>         | <u>Years</u> |
|----------------------------|--------------|
| Land improvements          | 20           |
| Buildings and improvements | 5-40         |
| Vehicles                   | 4-15         |
| Equipment                  | 3-20         |

Capital assets of the proprietary funds are accounted for in the proprietary fund and are stated at cost or estimated fair value when original cost is not available. Major additions are capitalized while maintenance and repairs, including the cost of minor items of property, are expensed as incurred. Upon disposal of such assets, the accounts are relieved of the related costs and accumulated depreciation, and resulting gains or losses are reflected in income. Depreciation is computed on the straight-line method over the estimated useful lives of the related assets. The estimated useful lives are as follows:

| <u>Asset Class</u> | <u>Years</u> |
|--------------------|--------------|
| Buildings          | 5-40         |
| Equipment          | 5-40         |
| Sewer lines        | 4-50         |
| Vehicles           | 3-10         |
| Water lines        | 5-40         |

Donated capital assets are valued at their estimated fair value on the date donated. The City's policy is to capitalize the net interest cost incurred during the year resulting from borrowings utilized to finance the construction of assets.

**M. Deferred Outflows/Inflows of Resources**

In addition to assets, the Statement of Net Position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. Currently, the Entity has no items that qualify for reporting in this category.

In addition to liabilities, the Statement of Net Position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Currently, the Entity has one type of item that qualifies for reporting in this category: deferred revenue - property taxes.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

### N. **Compensated Absences**

Accruals include both sick and vacation time earned. Employees are allowed to carry over half of any current unused sick leave. Employees of the City under an earlier sick leave plan are allowed to carry banked sick leave up to 240 hours. Employees are allowed to carry over vacation time up to 40 hours at the end of each year provided that they have used at least that much time during the current year. Some employees have vacation leave remaining since their anniversary dates cross the fiscal year-end. Vacation and sick leave for employees of governmental funds is recorded as an expenditure in the period it is used and considered payable from current financial resources. Government-wide proprietary funds accrue vacation benefits in the period they are earned. A liability for these amounts is reported in governmental funds only if they have matured.

### O. **Long-term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities on the Statement of Net Position.

### P. **Net Position**

Net position is the residual of all elements presented in the Statement of Financial Position (i.e., assets + deferred outflows - liabilities - deferred inflows). Net investment in capital assets represent capital assets reduced by accumulated depreciation and by any outstanding debt related to the acquisition, construction or improvement of those assets. Restricted net position represents restricted assets reduced by any related outstanding debt.

### Q. **Fund Balance**

Governmental Accounting Standards Board Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* established standards for fund balance classifications for state and local governments and requires that resources be classified for accounting reporting purposes into the following fund balances:

**Nonspendable:** The City cannot spend these amounts due to form.

**Restricted:** The State or other sources can restrict funds to specific purposes by externally imposing restrictions or imposing by law through constitutional provisions or enabling legislation.

**Committed:** The City Council has the authority to commit funds for a specific purpose. Any funds set aside as committed fund balance requires, at a minimum, the passage of a resolution by a simple majority vote. An ordinance may also be used.

**Assigned:** The City Council has the authority to set aside funds for the intended use of a specific purpose. Any funds set aside as assigned fund balance requires a simple majority vote and must be recorded in the minutes.

**Unassigned:** Amounts not classified as nonspendable, restricted, committed, or assigned.

When both restricted and unrestricted funds are available for expenditure, restricted funds should be spent first unless legal requirements disallow it.

When restricted, committed, assigned and unassigned funds are available for use, restricted funds should be spent first, committed funds second, assigned funds third and unassigned funds last.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**R. Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

**S. Events Occurring after Reporting Date**

The City has evaluated events and transactions that occurred between December 31, 2016, and May 5, 2017, which is the date that the financial statements were available to be issued, for possible recognition or disclosure in the financial statements.

**NOTE 2 - DEPOSITS AND INVESTMENTS**

**Deposits**

At year-end, the carrying amount of the City's deposits and investments was \$9,018,755. The financial institution balance was \$9,398,086. Custodial credit risk is the risk that in the event of a bank failure the City's deposits may not be returned to it. The City does not have a policy for custodial risk. As of December 31, 2016, none of the City's bank balance was exposed to custodial credit risk as uninsured and uncollateralized.

The carrying amount of the City's deposits is classified as follows on the Statement of Net Position:

|                  |                     |
|------------------|---------------------|
| Cash             | \$ 3,815,973        |
| Investments      | 5,203,732           |
| Less: Petty cash | <u>( 950)</u>       |
| Total            | <u>\$ 9,018,755</u> |

**Investments**

The City's investments are carried at fair value, and consist of certificates-of-deposit at nationwide banks. The City's investments are classified as follows on the Statement of Net Position:

|             |                     |
|-------------|---------------------|
| Investments | <u>\$ 5,203,732</u> |

**NOTE 9 - DEFERRED REVENUE - PROPERTY TAXES**

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received but not yet earned. At the end of the current fiscal year, the various components of deferred revenue reported in the governmental funds as deferred inflows were as follows:

|                | <u>Unavailable</u> | <u>Total</u>     |
|----------------|--------------------|------------------|
| Property taxes | <u>\$ 20,077</u>   | <u>\$ 20,077</u> |

Funds that are earned, but not available, are realized as revenue under GASB No. 33.

**NOTE 14 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS**

Explanation of certain differences between the governmental funds Balance Sheet and the government-wide Statement of Net Position:

The governmental funds Balance Sheet includes a reconciliation between fund balance - total governmental funds and net position - government activities as reported in the government-wide Statement of Net Position. One element of that reconciliation explains that, "long-term liabilities, including notes payable and compensated absences are not due and payable in the current period, and therefore, are not reported in the funds". The details of this \$(146,474) differences are as follows:

|                      |                     |

Explanation of certain differences between the governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance and the government-wide Statement of Activities:

The governmental fund Statement of Revenues, Expenditures and Changes in Fund Balance, includes a reconciliation between net changes in fund balances for total governmental funds and changes in net position of governmental activities as reported in the government-wide Statement of Activities. One element of that reconciliation explains that, "Governmental funds report capital outlay as expenditures, however, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense". The details of this \$43,655 difference are as follows:

|                      |                   |

**NOTE 15 - COMPLIANCE WITH FINANCE RELATED LEGAL AND CONTRACTUAL PROVISIONS**

The City has no material violations of finance related legal and contractual provisions.

**NOTE 16 - INSURANCE**

The City of Ringgold is exposed to various risks of losses. These risks include loss related to torts; theft, of damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The City is a member of Key Risk. The liability to the employees of the City is specifically limited to such obligations as are imposed by applicable state laws against the employer for workers' compensation and/or employer's liability.

The City is responsible for paying the prescribed premiums and cooperating with attorneys.

## **NOTE 16 - INSURANCE (Continued)**

The City carries insurance for all other risks of loss (except employees health insurance), including general liability and property and casualty insurance through the St. Paul's Travelers Company. Employee's health insurance is provided by Blue Cross-Blue Shield through the Georgia Municipal Association. There have been no significant reductions in insurance coverage from the prior year. Settled claims have not exceeded coverage in any of the past three years.

## **NOTE 17 - PENSION PLAN**

The City of Ringgold provides pension benefits for all its full-time employees through a defined contribution pension plan the City of Ringgold Pension Plan administered by Chandler & Assoc., P.C. The plan was authorized by Council action in 1976 and amended in 1995. All fulltime employees who have attained age 18 and have completed one year of service are eligible. Vesting is 100% full and immediate, and retirement age is 65 or the fifth anniversary of participation, whichever is later.

The City contributes 10% of total compensation for each employee. Employees are required to contribute 2% and are allowed to make an additional contribution of up to 10% of total compensation. Contribution requirements were established under, and can only be amended by, the City Council.

All assets of the plan are held in individual income endowments, life contracts, individual annuities or other investments. There are no outstanding loans to any participant, fiduciary, or party of interest.

The City's total payroll for the year was \$1,705,473. The amount of covered payroll was \$1,297,812. Total contributions required was \$155,737, which was 12% of covered payroll. The City's contribution required and actual was \$129,781, which was 10% of covered payroll. The mandatory employee contributions required and actual was \$25,956 which was 2% of covered payroll. Employee voluntary contributions totaled \$46,047, making a total employee contribution of \$72,003, which is 5% of covered payroll. The total City and employee contribution actually made was \$201,784, which was 15% of covered payroll. There were no current year changes in plan provisions.

## **NOTE 18 - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS**

### ***Plan Description***

The City of Ringgold, Georgia administers a single-employer defined benefit healthcare plan. The plan provides lifetime healthcare insurance to the retired employee and family coverage after the age of 55 plus 25 years of service. The plan does not issue a publicly available financial report.

### ***Funding Policy***

The City has not funded the healthcare plan and pays the benefits monthly on a "pay as you go" policy. Contribution requirements were established under, and can only be amended by, the City Council.

**NOTE 18 - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)**

***Annual OPEB Cost and Net OPEB Obligation***

The City's annual other post-employment benefit (OPEB) cost (expense) is calculated based on the *annual required contribution of the employer* (ARC). The City has elected to calculate the ARC and related information using the alternative measurement method permitted by GASB Statement 45 for employers in plans with fewer than one hundred total plan members. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation to the plan:

|  |                         |
|--|-------------------------|
| Annual required contribution               | \$ 188,735              |
| Interest on net OPEB obligation            | 10,380                  |
| Adjustment to annual required contribution | <u>128,851</u>          |
| Annual OPEB cost (expense)                 | 327,966                 |
| Contributions made                         | <u>-</u>                |
| Increase in net OPEB obligation            | 327,966                 |

| <br>Net OPEB obligation - end of year      | <br><u>\$ 2,000,947</u> |

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan and the net OPEB obligation for fiscal year 2016 is as follows:

| Fiscal<br>Year<br>Ended | Annual<br>OPEB Cost | Percentage of<br>Annual OPEB<br>Cost Contributed | Net<br>OPEB<br>Obligation |
|-------------------------|---------------------|--|---------------------------|

| 12-31-10                | \$ 232,367          | 0%   | \$ 436,458                |

***Funded Status and Funding Progress***

As of December 31, 2016, the actuarial accrued liability for benefits was \$2,000,947, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the plan) was \$2,744,437 and the ratio of the unfunded actuarial accrued liability to the covered payroll was 100 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

## NOTE 18 - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)

### *Methods and Assumptions*

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made:

**Retirement age for active employees** - Based on the historical average retirement age for the covered group, active plan members were assumed to retire at age 67, or at the first subsequent year in which the member would qualify for benefits.

**Marital status** - Marital status of members at the calculation date was assumed to continue throughout retirement.

**Mortality** - Life expectancies were based on mortality tables from the National Center for Health Statistics. The United States Life Tables for Males and for Females were used.

**Turnover** - Non-group-specific age-based turnover data from GASB Statement 45 were used as the basis for assigning active members a probability of remaining employed until the assumed retirement age and for developing an expected future working lifetime assumption for purposes of allocating to periods the present value of total benefits to be paid.

**Healthcare Cost Trend Rate** - The expected rate of increase in healthcare insurance premiums was based on a rate of 5.5 percent.

**Health Insurance Premiums** - 2016 health insurance premiums for retirees were used as the basis for calculation of the present value of total benefits to be paid.

**Inflation Rate** - The expected long-term inflation assumption of 5.5 percent was used.

**Payroll Growth Rate** - The expected long-term payroll growth rate was assumed to equal the rate of inflation.

**NOTE 18 - POST-EMPLOYMENT BENEFITS OTHER THAN PENSIONS (Continued)**

Based on the historical and expected returns of the City's short-term investment portfolio, a discount rate of 5.5 percent was used. In addition, a simplified version of the entry age actuarial cost method was used. The unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period at December 31, 2016, was thirty years.

**NOTE 19 - LITIGATION AND CLAIMS**

The City is currently the defendant in certain legal actions, which are being vigorously defended. It is the opinion of management and legal counsel that these suits will not have a material effect on the financial position of the City.

**NOTE 20 - CONTINGENT LIABILITIES**

As of December 31, 2016, the City does not have any material contingent liabilities.

**NOTE 21 - JOINT VENTURE**

Under Georgia law, the City, in conjunction with other cities and counties in the Northwest Georgia area, is a member of the Northwest Georgia Regional Commission (RC) and is required to pay annual dues thereto. During its year ended December 31, 2016, the City paid \$3,700 in such dues. Membership in an RC is required by the Official Code of Georgia Annotated (OCGA) Section 50-8-34 which provides for the organizational structure of the RC in Georgia. The RC Board membership includes the chief elected official of each county and municipality of the area. OCGA 50-8-39.1 provides that the member governments are liable for any debts or obligations of an RC. Separate financial statements may be obtained from: Northwest Georgia Regional Commission, P.O. Box 1798, Rome, Georgia 30161.

**NOTE 22 - AGENCY FUNDS**

The City reports on two agency funds: Baxter Addition Fund and Municipal Court Fund. The City acts as fiscal agent under contract with the board of the Baxter Addition to Anderson Cemetery Care Fund. The Municipal Court Fund is used to handle the percentages of fines that are remitted to state agencies and the county. The City's portion of the fines is transferred back to the General Fund revenue each month.

**NOTE 23 - RELATED PARTY TRANSACTION**

The Mayor and Council members of the City are only billed the minimum water rates each month.

**OTHER SUPPLEMENTARY INFORMATION**

## NON-MAJOR GOVERNMENTAL FUNDS

### **Special Revenue Funds:**

Special revenue funds are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL OVER FINANCIAL REPORTING  
AND ON COMPLIANCE AND OTHER MATTERS BASED  
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED  
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Mayor and Council Members  
City of Ringgold, Georgia

We have audited in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Ringgold, Georgia as of and for the year ended December 31, 2016, and the related notes to the financial statements, which collectively comprise the City of Ringgold, Georgia's basic financial statements, and have issued our report thereon dated May 5, 2017.

**Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Ringgold, Georgia's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Ringgold, Georgia's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Ringgold, Georgia's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying Schedule of Findings and Responses as item 2016-001 that we consider to be a significant deficiency.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City of Ringgold, Georgia's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Response to Findings**

The City of Ringgold, Georgia's response to the findings identified in our audit is described in the accompanying Schedule of Findings and Responses. The City of Ringgold, Georgia's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the result of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON THE SCHEDULE OF SPECIAL PURPOSE LOCAL OPTION SALES TAX

### Independent Auditor's Report

Honorable Mayor and Council Members  
City of Ringgold, Georgia  
Ringgold, Georgia

We have audited the accompanying Schedule of Special Purpose Local Option Sales Tax for the City of Ringgold, Georgia for the year ended December 31, 2016. This schedule is the responsibility of the City of Ringgold, Georgia's management. Our responsibility is to express an opinion on the Schedule of Special Purpose Local Option Sales Tax based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Schedule of Special Purpose Local Option Sales Tax is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Schedule of Special Purpose Local Option Sales Tax. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Schedule of Special Purpose Local Option Sales Tax. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Schedule of Special Purpose Local Option Sales Tax was prepared for the purpose of complying with the Official Code of Georgia Annotated, 48-8-121 on the modified accrual basis of accounting as described in Note A and is not intended to be a complete presentation of the City of Ringgold, Georgia's revenues and expenditures.

In our opinion, the Schedule of Special Purpose Local Option Sales Tax referred to above presents fairly, in all material respects, the original estimated cost, the current estimated cost, and the current and prior year expenditures for each project in the City of Ringgold, Georgia's resolution or ordinance calling for the tax for the year ended December 31, 2016, in conformity with accounting principles generally accepted in the United States of America.
